**Sermon Based Small Group Questions**

**Message Title:** God's Demolition and Reconstruction Project

**Passage:** Ephesians 2:11-22

**Main Point:** God wants to tear down our walls of hostility so that He can rebuild us into a temple in which He will dwell

1. As you look at our world today, what are some issues over which people divide and put up walls? Have you seen any of these issues result in walls being built in church? How did that play out?
2. Jews living in Paul's time could not imagine a world in which Gentiles would be given access to God. What groups might be hard for you to accept into God's presence? What might Jesus say to you?
3. What secondary hope do you have the greatest tendency to elevate to "greatest hope" status?
4. What is a practical way you can promote unity in Christ's body this week?
5. Take a look at Philippians 2:1-11. How might that passage address how we seek unity in our church?
6. What are some things we can look for to make sure we are unifying on the right things?
